

Home Maintenance Services

(A project by SAGE Counselling Centre)

Who are we?

SAGE Counselling Centre (SAGECC) is a non-religious, non-profit organization serving the senior population. Its mission is “to enhance the total well-being of older persons, their caregivers with a special focus on the psychological and social aspects of their health”.

We provide gero-counselling and telephone helpline services for the elderly and their caregivers with professionalism, respect, concern, commitment, and competence

Home Maintenance Service (HMS)

The Home Maintenance Service (HMS) is a revised programme from the Maintenance of Wheels project (MOW) previously ran by its parent organization, Singapore Action Group of Elders (SAGE).

The primary objective of current HMS is to provide a basic and affordable Home service to anyone who is 50 years and above and who is financially and physically disadvantaged.

The services we offer include:

- Basic plumbing service
- Basic electrical service
- Basic painting service

The services will be provided by a group of skillful mechanists/technicians.

The geographical coverage will initially be focused in the western part of Singapore. As our resource capacity expands, the scope will eventually extend to cover the whole island.

The service users will be referred by community and/or voluntary welfare organizations, social service offices, etc.

Manpower Resources

The target group of technicians will be retired senior workers as well as freelancers who are keen to contribute their expertise to the community. SAGECC will incentivize them on their workmanship fees according to a prescribed fee table and transport allowance. The material cost will be covered by SAGECC.

This project by SAGECC also helps to promote active ageing and allow these retired technicians to stay relevant as long as they can.
